STAFF COMPLAINTS & GRIEVANCES

(See School Board Policy GAE)

As the primary means of solving staff complaints and grievances, the board expects each administrator to:

1. Discover and practice effective means of resolving differences that may arise among employees and administrators;
2. Reduce potential reasons of complaints and grievances; and
3. Establish and maintain recognized channels of communication between the staff, administration, and board.

When and if the primary means fail, the administration shall have established and the board shall have approved formal procedures for the prompt and equitable adjustment of serious grievances. In this context, a serious grievance shall be defined as:

A disagreement involving the work situation in which one individual or group of individuals believes that an injustice has been done because of a lack of policy or because of a policy that is unfair, deviation from, or misapplication, or interpretation of a policy or contract. Policies dictated by law are not included in this definition.

Such procedures shall provide for the resolution of grievances at the lowest possible administrative level and for ultimate appeal of any unresolved grievance to the board. In the resolution of grievances, hearing at all administration levels shall be:

1. Conducted in the presence of the administrator who made the ruling which is the subject of the grievance and the presence of any other staff member personally involved.
2. Held only after due written notification to all persons concerned.
3. Free from interference, coercion, restraint, discrimination, or reprisal.
4. Held in private, with only the persons involved and/or their representatives present.
5. Summarized in writing or on tape, with an official record kept for the district.

At all hearing levels, the employee or an employee group involved shall at his/her own expense, have the right to be represented by legal counsel. Either party to the dispute shall have the right to call and cross-examine witnesses.

Reasonable time limits, as set forth in the procedures for implementing this policy shall be observed by the person or group presenting the grievance, by the administration, and by the board. No employee shall suffer a reprisal or reduction in status as a result of having presented a grievance for review or of having represented an employee in a grievance.

That includes any school building or any school premises; any school-owned vehicle or any other school approved vehicle used to transport students to and from school or school activities; off school property during any school-sponsored or school-approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district.

I understand that I must submit to reasonable suspicion testing as a condition of continued employment. I further understand that failure to consent to reasonable suspicion drug and alcohol testing may subject me to disciplinary measures up to and including termination of my employment.

I confirm that I have reviewed, or been given the opportunity to review Lee County School District's Drug and Alcohol Testing Policy (See School Board Policy GBRM-2).

The board of education will not tolerate sexual harassment activity by any of its employees. This policy similarly applies to non-employee volunteers who work subject to the control of school authorities.

This school district affirms employee protection provided under Title VII, and therefore "shall not tolerate verbal or physical conduct by any employee, male or female, which harasses, disrupts, or interferes with another's work performance or which creates an intimidating, offensive, or hostile environment."

Each person writing a check to a school or the school district will write on a commercially printed check, name, address, and one phone number. Counter or starter checks will not be accepted. All payments must be made directly through Nexcheck, PO Box 19688, Birmingham, AL 35219. For a convenience fee, payment of both check and fee may be made electronically at www.nexcheck.com or over the phone using a credit card, debit card, or electronic check.

SCHOOL WELLNESS POLICY
(See School Board Policy JG)

The Lee County School Board affirms its commitment to providing a healthy environment for students and staff. All students in the Lee County School District shall possess the knowledge and skills necessary to make healthy choices that promote healthy lifestyles. To meet this goal, The Lee County School District adopts this

school wellness policy with the following commitments to implementing a coordinated approach to school health:

- Goals for nutrition education, physical activity, and other school-based activities that are designed to promote student wellness in a manner that the local education agency determines is appropriate;
- Nutrition guidelines selected by the local educational agency for all foods available on each school campus under the local educational agency during the school day with the objectives of promoting student health and reducing childhood obesity;
- Assurances that guidelines for reimbursable school meals are not less restrictive than the regulations issued by the USDA;
- Ways of measuring how well the school wellness policy is being implemented, including designation of one or more persons at each school with operational responsibility for ensuring that the school is meeting the policy;
- Involvement of parents, students, representatives of the school food authority, the school board and school administrators, and the public, in developing the wellness policy.

Adult Portions

Meals served to adults are the same portion size as meals served to students in the high schools. There is no reimbursement from Federal funds for adult meals. Thus, the adult price must cover the total cost of the food and be no less than the cost of the highest paid student price plus all federal reimbursements on the student paid meal.

Special Function Lunches

Sack lunches, which meet all requirements for a reimbursable meal, are provided upon teacher request. A request must be turned in to the cafeteria manager two weeks prior to the date needed. Teachers must supply coolers for foods that require refrigeration such as meat sandwiches, milk, and juice.

Use of Cafeteria Supplies

Items that are used in the National School Lunch Program are purchased with federal funds; therefore, when items such as napkins, paper plates, and disposable forks are requested from the cafeteria, a fee will be charged. Only adults will be allowed to borrow small equipment (pots, pans, knives) from the cafeteria. A request-for-use form will be provided by the Child Nutrition Director and must be signed by the requesting party. A sign-out sheet may be provided by the cafeteria manager. Borrowers will be charged for items not returned.

Safety and Sanitation

Due to strict safety and sanitation regulations, no one except child nutrition personnel and personnel with designated badges, such as health department inspectors and equipment repairmen, are allowed behind the serving line or in the kitchen area when meals are being prepared or served.

Restriction of Food Items

Commercially-prepared food items cannot be brought or delivered into the school dining area during meal serving times except when transported in student lunch boxes or a plain bag, as these foods are considered competitive food items and may not align with the District's Wellness Policy to promote healthy eating.

Payment for Meals

All school district employees other than cafeteria staff are required to pay for meals. Charging is not allowed.

Leftover Food Items

All leftover food items have to be accounted for and documented in the Production Book. No leftover food is to be taken out of the cafeteria or off school grounds for later consumption. At schools where "Breakfast in the Classroom" takes place, food that is not consumed by a student must be returned to the cafeteria for disposal and for proper recording of meals.

Food Safety Assurance Program

Lee County Schools ensure that all food brought onto a school campus that is not served through the Child Nutrition Department is safe for student consumption by educating teachers, staff, students, and parents about food safety guidelines. Information will be disseminated through the school district's newsletter, website, and handbooks. The Principal at each location will be notified when potentially hazardous food will be brought onto the school campus so that it can be safely monitored.

*A potentially hazardous food is a food that will support the growth of microorganisms such as milk and milk products, poultry, baked or boiled potatoes, cooked rice, shell fish, eggs, fish, garlic and oil mixtures, raw sprouts and seeds, cooked beans, meats, sliced melon, and soy-protein food.

School Health

All teachers and teacher assistants will receive a school health booklet with important health related information including forms, guidelines, and procedures.

(1) First Aid

First aid will be handled by the teacher, principal, or other appropriate school official. Injured or ill students will be sent to and remain in a designated area until parents arrive or until the day ends.

(2) Student Medication Policy

All prescription drugs (medicine) and over-the-counter drugs brought to school must be surrendered to the principal's office or the nurse's office upon arrival at school. Students who fail to surrender prescription drugs or medicines to the office will be in violation of school regulations and will be subject to disciplinary action which may include suspension and/or arrest. To ensure safe and consistent treatment of children who must use prescription and non-prescription medications at the school, please refer to the student handbook. (See School Board Policy JGCD)

TELEPHONE

Make your personal or business calls after school hours. Discipline problems arise when children are left alone in the room. Teachers, teacher assistants, and students are not to be called out of class to the telephone unless for emergency. Teachers should not allow students to leave the classroom to make phone calls unless notified by the office of an emergency. Limit cell phone usage to emergencies only.

HAZARDOUS MATERIALS

The Asbestos Hazard Emergency Response Act (AHERA) requires public school districts to inspect their schools for asbestos-containing building material, prepare management plans, and take action to prevent or reduce asbestos hazards. In order to comply with AHERA, the Lee County School District will:

- Perform an original inspection to determine whether asbestos-containing materials are present and then re-inspect asbestos-containing material in each school every three (3) years,

- Develop, maintain, and update an asbestos management plan and keep a copy at the school,
- Provide yearly notification to parent, teacher, and employee organizations on the availability of the school's asbestos management plan and any asbestos-related actions taken or planned in the school,
- Designate a contact person to ensure the responsibilities of the Lee County School District are properly implemented,
- Perform periodic surveillance of known or suspected asbestos-containing building material, and
- Ensure that trained and licensed professionals perform inspections and take response actions.

(See School Board Policy ECIA)

School employees must complete the request form when asking to use a school district vehicle. Only authorized individuals should be riding in the vehicle. The driver and passengers should have seatbelts fastened. No alcohol, tobacco, or drugs should be used in the vehicle. The speed limit should be obeyed and safe driving practices should be used. No students are permitted to ride in school district vehicles with the exception of driver's education classes. No keys should be left in any Lee County School District vehicle at any time.

For the first ten (10) days of absence of the licensed employee because of illness or physical disability, in any school year, in excess of the sick leave allowance credited to such licensed employee, there shall be deducted from the pay of such licensed employee the established substitute amount of licensed employee compensation

paid in that local school district, necessitated because of the absence of the licensed employee as a result of illness or physical disability. Thereafter, the regular pay of such absent licensed employee shall be suspended and withheld in its entirety for any period of absence because of illness or physical disability during that school year.

Personal leave may be used for professional purposes, including absences caused by attendance of such licensed employee at a seminar, class, training program, professional association or other functions designed for educators. No deduction from the pay of such employee may be made because of absence of such licensed employee caused by personal reasons until after all personal leave allowance credited to such employee has been used. However, the superintendent of a school district, in his discretion, may allow a licensed employee personal leave in addition to any minimum personal leave allowance, under the condition that there shall be deducted from the salary of such licensed employee the actual amount of any compensation paid to any person as a substitute, necessitated because of the absence of the licensed employee. Any unused portion of the total personal leave allowance up to five (5) days shall be carried over to the next school year and credited to such licensed employee if the licensed employee remains employed in the school district.

VACATION AND PERSONAL LEAVE

Vacation leave granted to either licensed or nonlicensed employees shall be synonymous with personal leave. BEREAVEMENT LEAVE

When an employee is absent because of death of a family member, three days leave with full pay will be granted. Absence of this nature will not be charged against the employee's accumulated sick leave days.

MATERNITY LEAVE

A school employee must notify the board in writing, prior to the end of the fifth month of a pregnancy, as to the employee's intent concerning future school service. Maternity leave shall be no longer than two semesters, including the one in which the absence begins. Any employee may apply accumulated sick leave days at the time leave is granted to the beginning of the employee's maternity leave. Regular sick leave policy will apply thereafter for the duration of the absence. Should birth occur between school years, the employee will receive full benefits of this policy even if the employee is not present for the beginning of a new school year. However, compensation for sick leave exercised at the beginning of such a school year will be made at the first pay period following the employee's return to service.

ADOPTION

Any employee who requests leave for adoption purposes may receive the same benefits granted under maternity leave.

Upon retirement from employment each licensed and nonlicensed employee shall be paid for not more than thirty (30) days of unused accumulated leave earned while employed by the school district in which the employee is last employed. Such payment for licensed employees shall be made by the school district at a rate equal to the amount paid to substitute teachers and for nonlicensed employees, the payment shall be made by the school district at a rate equal to the federal minimum wage. The payment shall be treated in the same manner for retirement purposes as a lump sum payment for personal leave as provided in Miss. Code Ann. § 25-11-103(e) Any remaining lawfully credited unused leave, for which payment has not been made, shall be certified to the Public Employees' Retirement System in the same manner and subject to the same limitations as otherwise provided by law for unused accumulated leave. 2. Staff pay is based on years of experience in school food service and follows the district pay scale for food service workers.
3. Staffing for each site is based on meals per labor hour.
4. Funding and participation for the School Lunch Program will determine assignments to respective schools, employment hours and number of employees rehired or new employees hired. Employees in cafeterias are

hired by the Lee County Schools Child Nutrition Department and may be assigned to work in any school cafeteria in the district.

5. All cafeteria employees will be required to attend in-service training sessions during the year when scheduled by administration.
6. All managers and assistant managers must attend workshops to maintain manager and serv-safe certification.
7. The Child Nutrition Department will pay for all expenses related to certification of managers.
8. Managers are required to be serv-safe certified. The Lee County School District will pay for only one retest if the manager fails the first certification test.
9. Child Nutrition employees are allowed 30 minutes for lunch and/or breakfast. A pattern lunch and breakfast is provided without charge. Extra sale items are available at cost.

Sick Leave Policy

Child Nutrition employees will follow the same policy as other non-certified employees established through their employment. However, an employee requesting sick leave may be required to provide a medical statement when it is deemed in the best interest of the Child Nutrition operation and the School Board. A medical statement may be requested if the employee is absent in excess of two work days. False or fraudulent use of sick leave may result in termination. Sick leave benefits will not be paid to an employee upon termination. All unused sick leave is used to obtain additional retirement credit.

Employment Evaluation Policy

All new employees will be on a six-month probationary period. After 90 days they will be evaluated on their job performance and recommendations made. After the six-month probationary period if job performance is not acceptable, the employee will be asked to resign from his/her position.

All Child Nutrition employees are evaluated bi-annually. The person doing the evaluation—manager for staff, or Child Nutrition Director for manager—is required to review the evaluation with the employee and have him/her sign the form. The signature does not imply agreement with the evaluation, but indicates the employee has reviewed it.

Disciplinary Actions Policy

Prior to the dismissal of a Child Nutrition employee who has been employed longer than a year, the following steps will be taken:

- a. The employee whose work is less than satisfactory must be evaluated on a continuing basis and written records kept. These may be formal evaluations, summaries of conferences, logs of events, etc.
- b. Conferences should be held with the employee with notations of how his/her work may be improved. A written summary of the conference will be given to the employee.
- c. If the employee's work continues to be below the level expected or violation of rules continues, the employee is issued a written warning.
- d. If desired improvement does not occur, the employee is placed on a 90-day probation period.
- e. The employee will be evaluated prior to the end of the probationary period or at any time when his/her job performance falls to a completely unsatisfactory level. The manager will make a recommendation to the Child Nutrition Director who will proceed through proper channels.

CAFETERIA

All employees who do not have other duties must go to the cafeteria or supervise students regardless of whether or not you eat there. Teacher assistants are to follow the directions of the classroom teacher during

the lunch period. Some duties may include eating at the table with students, supervising students in the proper use of table manners, seeing that tables and chairs are clean when students leave, and helping smaller children get through the serving lines.

TRANSPORTATION

Pre-employment Drug Screen

Per DOT regulations, if you have a CDL, you are required to have a pre-employment drug screen prior to you performing your duties as a bus driver.

Random Testing for Drugs and Alcohol

The district will conduct random testing for drugs and alcohol throughout the calendar year. When a person is notified of selection for random testing, he/she must proceed immediately to the designated testing location. Selection for random testing will be made by MEA using a random number generator computer program. All drivers are subject to selection every time; even if that driver has earlier been selected for a random test.

Initially, the random testing rate for alcohol will be 25% of the average number of driver positions. This rate means that the district will conduct a number of tests at least equal to the required percentage of driver positions. For drug testing, the requirement is 50% of the average number of driver positions, though a proposed DOT regulation would eventually lower the drug testing percentage rate. Currently, however, drug and alcohol random testing will remain at different rates. Some drivers chosen for random testing will be tested for both alcohol and drugs. Before signing the consent form to be tested, drivers will be told whether the test is for alcohol, drugs, or both.

School Bus Daily Inspection Checklist

The School Bus Daily Inspection Checklist must be completed daily and returned to the transportation supervisor at his/her school at the end of each month.

Safe Driver Practices

All drivers must follow the guidelines listed below when driving through a railroad crossing regardless of occupancy of the school bus:

1. Stop at railroad crossing;
2. Turn on flashers;
3. Open side window;
4. Open bus door;
5. Look carefully up and down tracks before proceeding across;
6. No cell phone usage; and
7. Headset, headphones or other listening devices are prohibited.

****No keys should be left in any Lee County School District vehicle at any time.**

Activity Trip Bus Usage

Any one receiving permission to use a bus for an activity trip must complete the proper request form to use the bus. The bus must be brought back in the same condition that it was received. Cleaning out the bus is mandatory and refueling with the same amount of fuel is required if a fueling source is available. If the bus is not brought back in this condition, the person requesting the bus will be assessed a \$20.00 activity trip fee.

Evaluation of Motor Vehicle Records

The recommended guidelines for evaluating MVRs is based on a point system assigned to various driving violations. Category I consists of minor violations and Category II consists of serious traffic violations.

Category I

Violations are assigned one point per incidence over a three-year period. Drivers that accumulate four (4) or more points in a three (3) year period are “unacceptable.” The incidents and point value are as follows:

<u>Incident</u>	<u>Incident Point Value</u>
1. Any moving violation or “at fault” accident	1
2. Second moving violations or “at fault” accident during a 12 month period	2

Category II

All violations in Category II are considered serious traffic violations and are assigned five (5) points each. A driver acquiring one (1) serious traffic violation during a three (3) year period is considered “unacceptable.”

Serious traffic violations are listed as follows:

1. DUI or other alcohol or drug related violation
2. Reckless vehicle operation
3. Assault with a motor vehicle
4. Leaving the scene of an accident
5. Driving under suspension or revocation

An “unacceptable” driving record will result in one or more of the possible following actions:

1. Probation for a specified period
2. Paid or unpaid suspension for a specified period of time
3. Termination from employment as a bus driver

*At fault accident as noted on official police report

**All disciplinary action will be agreed upon by the Lee County School District Review Team and will be subject to board approval.
