

Lee County School District is committed to the safety and wellbeing of our students. For this reason, LCSD has outlined policies and procedures that all students should follow. These policies can be found in the Student Handbook. A copy of the LCSD Student Handbook is available for download on the district website, [www.leecountyschools.us](http://www.leecountyschools.us). A PDF version of the handbook can be located under the STUDENT tab. Also found in the handbook are policies regarding the safety and responsible use of district issued technology. Please be sure to review these policies and procedures. After review, we ask that you and your student acknowledge your understanding by signing and returning this form to school along with your enrollment form.

**INTERNET ACCESS AGREEMENT**

In order for a student to gain access to the Internet, the student and student's parent(s) / guardian(s) must sign an Internet Access Agreement.

The superintendent is authorized to amend or revise the following board-approved initial administrative procedure as he/she deems necessary and appropriate consistent with this policy. The superintendent is further authorized to amend or revise the Internet Network Access Agreement with the advice of board counsel.

It must be understood by all concerned that the global and fluid nature of the internet network's contents make it extremely difficult for the board to completely regulate and monitor the information received or sent by students. As such, the board cannot assure parents that students will be prevented from accessing undesirable materials or sending or receiving objectionable communications.
